

Luxury Paper & Board from WL Coller

Pergraphica® Dark & Deep Colours

Particularly well suited to luxury packaging for cosmetics and perfumes, wines, champagnes and spirits, as well as boutique bags. Excellent folding properties with reduced breaks.

Optimised for multiple printing, post-print processing techniques and converting.

PERGRAPHICA® combines the advantages of Offset and Digital printing.

To allow for truly unique paper projects, our papers have proven their performance in hot foil stamping, embossing and debossing, laser cutting and engraving and relief coating, to name but a few.
