

Luxury Paper & Board from WL Coller

Pergraphica® Infinite Black

Produced in compliance with Reg EC 1935/2004 on materials and articles intended to come into contact with food.

Free from carbon dyes to ensure perfect compatibility with metallic and spot foils.

Superb double fold index for perfect folding properties.

Low dusting in processing, enabling high production efficiency.

Proven performance in hot foil stamping, debossing, embossing, laser cutting and engraving and relief coating, to name but a few.
